A BILL**To Be Entitled**

An Act amending Article 1027, Code of Criminal Procedure, as amended by Chapter 205, General

Laws, Regular Session, Forty-second Legislature, so as to provide that no officer shall collect any fees from the State of Texas in any case, except murder, where a defendant may, under the indictment, be convicted of a misdemeanor or felony with punishment assessed at a fine, jail sentence or both such fine and imprisonment in jail, until after the case has been finally disposed of; providing that the provisions of this Act shall not be construed as in any way affecting the provisions of Article 1019, Code of Criminal Procedure, as amended by Chapter 205, General Laws, Regular Session, Forty-second Legislature; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Article 1027, Code of Criminal Procedure, as amended by Chapter 205, General Laws, Regular Session, Forty-second Legislature, be amended so as to hereafter read as follows:

Article 1027. In all cases where a defendant is indicted for a felony but under the indictment he may be convicted of a misdemeanor or a felony, and the punishment which may be assessed is a fine, jail sentence or both such fine and imprisonment in jail, the State shall pay no fees to any officer, except where the defendant is indicted for the offense of murder, until the case has been finally disposed of in the trial court. Provided the provisions of this Article shall not be construed as affecting in any way the provisions of Article 1019, Code of Criminal Procedure, as amended by Chapter 205, General Laws, Regular Session, Forty-second Legislature; Provided this shall not apply to examining trials fees to county attorneys and/or criminal district attorneys.

Sec. 2. The fact that under the provisions of Article 1027, Code of Criminal Procedure, as it now exists officers may collect fees from the State in any felony case of the character mentioned in this Act before the case is finally disposed of, and when a conviction is finally had for a felony but with punishment assessed at a fine, jail sentence or both such fine and jail sentence, or

finally convicted of a misdemeanor, the officers collecting such fees must return the same to the State, thereby causing much useless bookkeeping and unnecessary expense to the State, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each House be and the same is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

The report was read.

Motion to Substitute Minority Report.

Senator Pace moved to substitute the unfavorable minority report for the favorable majority report on H. B. No. 213.

Senator Stone raised the point of order that unanimous consent was granted to send up the committee report but unanimous consent was not granted to take up the question of the adoption or rejection of either the majority or minority report; therefore the pending motion was out of order.

The Chair, Lieutenant Governor Edgar E. Witt, held that the point of order was correct but came too late; and that the adoption of the motion would require a two-thirds vote of those present, stating that to permit action on the minority unfavorable report by a majority vote at the time would be tantamount to permitting the consideration of the bill on its merits of what might be the final consideration on the bill out of its order and when not on the calendar for consideration by a majority vote.

Senator Purl moved as a substitute that the bill be re-referred to the Committee of the Whole.

Senator Pace withdrew his motion.

Senator Small raised the point of order that the motion by Senator Purl was out of order because it was displacing the regular order of business.

The Chair, Lieutenant Governor Edgar E. Witt, held that the point of order was correct but came too late.

The motion to re-refer the bill to the Committee of the Whole prevailed by the following vote:

Yeas—17.

Beck.	Pace.
DeBerry.	Poage.
Duggan.	Purl.
Greer.	Rawlings.
Holbrook.	Regan.

Blackert.	Parr.
Collie.	Patton.
Cousins.	Redditt.
Fellbaum.	Russek.
Hopkins.	Sanderford.
Martin.	Small.

Senator Purl moved that the Senate resolve itself immediately into the Committee of the Whole.

Senator Small raised the point of order that the motion was out of order because it would displace the regular order of business.

The Chair, Lieutenant Governor Edgar E. Witt, overruled the point of order, holding that the motion was in order and could be adopted by a majority vote inasmuch as it was equivalent to a motion to recess.

Senator Martin moved as a substitute for the pending motion that this bill be printed in the Journal and a copy placed on the desk of every member before the Senate resolved itself into the Committee of the Whole.

Senator Purl raised the point of order that the substitute motion was not germane.

The Chair, Lieutenant Governor Edgar E. Witt, overruled the point of order.

Senator Sanderford received unanimous consent to have read at this time the following messages from the Governor:

Respectfully submitted,

MIRIAM A FERGUSON,

Governor of Texas.

Read and referred to Committee on Governor's Nominations.

Austin, Texas, May 1, 1933.

To the Forty-third Legislature:

The proration laws of Texas were passed for the primary purpose of controlling the production of petroleum in Texas so that its waste might be prevented. To make sure that waste might not occur the law was amended giving the Railroad Commission the power to consider the market demand for oil in order that economic waste might not occur. The enforcement of the proration laws, passed for the conservation of one of our most important natural resources, appears for the moment at least to have failed of its purpose, and a very desperate situation has resulted.

The Honorable Railroad Commission for reasons best known to itself, has unexpectedly and without warning, issued an order permitting seven hundred and fifty thousand (750,000) barrels of oil to be produced daily in the East Texas field. This runs the total State allowable permitted to be produced to one million three hundred eighteen thousand (1,318,000) barrels. The nominations offered to purchase oil according to the best information amount to nine hundred forty-three thousand (943,000) barrels. This would indicate an excess production of four hundred seventy-four thousand (474,000) barrels, and would represent a permitted production of three hundred fifty thousand (350,000) more than the last order of Railroad Commission. This action has caused the price of oil to fall from fifty cents posted price down to ten cents a barrel, and as a result financial destruction has overtaken the owners of leases and royalty in the East Texas field.

I want to emphasize and have everybody to not forget that the increased allowable suddenly precipitated by the Railroad Commission preceded the drop in the price of oil and, therefore, such order was the cause of ten cent oil today. If

it be urged that the Railroad Commission has acted ill-advisedly or from a want of information, then I submit that the fact remains that it was one of the most ill-advised official actions that has taken place in Texas in many years.

In the face of the fact that the Federal authorities have advised that Texas should not be allowed to produce over eight hundred sixty thousand (860,000) barrels a day and that, therefore, as a result of the Commission's order there is an excess of over five hundred fifty-eight thousand (558,000) barrels in the minds of the Federal authorities, shows that the eyes of the nation are upon us and if something is not done and done promptly, we can expect the introduction of Federal authority to control our oil fields in Texas.

It appears that some people with a show of temper are opposed to my being allowed to appoint a separate commission to take over the authority of the present commission which has produced ten cent oil. Let me answer this statement by saying that I am not seeking the power to appoint this commission if the Legislature sees fit to create it, but that at the same time I am not shirking responsibility or action that is now imperative to meet a desperate situation.

If there be those who want to divide the power to appoint the commission, I then invite them to add to the power of appointment of the commission the Honorable Speaker of the House of Representatives and the Honorable Lieutenant Governor of the State, giving them the majority in the selection of the commission. In fact, I will be pleased to have these two worthy public servants to share with me the great responsibility of appointing this important commission to compose this situation.

I am taking the liberty to transmit this message only in view of the fact that the charge is being made in many quarters that I was seeking to dominate the situation by having the power of majority appointment.

But I do want to emphasize that the present situation produced by the unexpected seven hundred fifty

thousand (750,000) barrel order by the Railroad Commission has produced a grave situation which, I trust, the Legislature will deal with promptly.

I call upon the Honorable Railroad Commission to reduce the seven hundred fifty thousand (750,000) barrel allowable order, and I demand that the oil companies restore the price of oil.

Respectfully submitted,
MIRIAM A. FERGUSON,
Governor of Texas.
